**DEPARTMENTS OF BOTANY, MATHEMATICS & HISTORY
ST. DOMINIC'S COLLEGE KANJIRAPALLY**

In Association with:

MAHATMA GANDHI UNIVERSITY, KOTTAYAM

**14-16
DECEMBER
2026**

ABOUT THE CONFERENCE

India has long been a cradle of knowledge, nurturing profound traditions in ecology, Mathematics, and historical thought. From the ancient wisdom of medicinal plants and sustainable agricultural practices to groundbreaking mathematical concepts such as zero, infinity, and combinatorics, and from rich historical narratives preserved through inscriptions, literature, and oral traditions, the Indian Knowledge System stands as a testament to the intellectual and cultural legacy of the civilization. In today's world, revisiting and reinterpreting this heritage is essential for building sustainable, inclusive, and innovative futures.

Ecology, Equations and Eras: International Conference on the Indian Knowledge System (ICEEE 2026), to be held from **14 - 16 December 2026**, seeks to explore these rich intellectual traditions of India through an interdisciplinary lens. The conference focuses on three vital domains—Ecology, Mathematics, and History—highlighting the profound wisdom embedded in India's ecological practices, mathematical innovations, and historical narratives.

Organized jointly by the Departments of Botany, Mathematics, and History of St. Dominic's College, Kanjirapally, the conference aims to bring together scholars, researchers, academicians, and students to engage in meaningful dialogue on the relevance of indigenous knowledge in contemporary academic and societal contexts.

The conference serves as a platform to rediscover and reinterpret India's contributions to plant sciences, mathematical thought, and historical traditions, while fostering interdisciplinary collaboration and research. By connecting ancient insights with modern perspectives, Ecology, Equations and Eras aspires to promote a deeper appreciation of India's knowledge heritage and its enduring role in shaping sustainable and innovative futures.

ABOUT ST. DOMINIC'S COLLEGE KANJIRAPALLY

St. Dominic's College, Kanjirapally, is a premier institution of higher education in Kerala, affiliated with Mahatma Gandhi University, Kottayam. Established in 1965 under the visionary leadership of St. Dominic's Cathedral Church, the college has blossomed into a distinguished centre of learning, committed to academic excellence and the holistic development of students. Nestled at the foothills of the Western Ghats in the picturesque town of Kanjirapally, the college offers a serene environment that nurtures learning, creativity, research, and personal growth.

Reaccredited with an **A+ grade by NAAC** in 2023 and ranked among the top 200 institutions in the NIRF rankings, St. Dominic's College has upheld a rich legacy of academic distinction for six decades. As a postgraduate institution offering programmes in Arts, Science, and Commerce, the college continues to foster academic and personal growth. The organising departments of **ICEEE 2026**—the Postgraduate Department of Botany and Research Centre, the Postgraduate Department of Mathematics, and the Department of History—regularly organise international and national conferences, workshops, summer camps, and faculty development programmes.

Guided by its motto, "**Absorb & Radiate**," the college hosts major academic events, sports meets, and scholarly initiatives as an integral part of its vibrant culture, continuing to enlighten generations while earning recognition across the nation.
